**1** Login Username and Password field

**2** Forget password

Click on the button to start the retrieving password process.

**2** Login Button

The button will be inactivated until users have input both their username and password. After login, users will land on the manage top banner page as default.

**12 Preview changes button**  
Click on the button to launch the homepage preview popup.

**11 Warning Pop for non-submit change**  
When users make some changes and want to leave the homepage tool without submitting the result for QA, this popup will show up for confirmation.

**1 Navigation bar**  
Click on the navigation item to switch between Top Banners, What's New, and Things to Do section. The current visiting section will be highlighted.

**2 Current Top Banner viewer**  
Top banners on the live site will be displayed here from top to bottom by their order. Users can change the banner's order by dragging them to another position. Tap on a banner and select it for editing the detail (see the wireframe at the bottom).

**3 Delete Banner icon**  
Click on a delete banner icon will remove the banner. The "Are you sure" popup will show up for confirmation.

**4 Section Header**

**5 History Retrieve icon**  
Click the icon will go to the history retrieve page.

**6 Age Group Rotation tab**  
Users can click on the tab to switch to a specific age group and adjust the banner's order. These selections will be hidden once users click/select on a Banner.

**7 Add New Banner button**  
Click the button to start creating a new banner

**8 Submit QA button**  
The button will be inactivated until at least one change is made. Click on the button will launch a "Are you sure" popup for confirmation.

**9 Banner Indicator**  
If the banner has specific settings such as age group, display period, and device (iOS or Android), it will show the icon.

**10 Delete Banner confirmation popup**  
This popup will appear When clicking on a delete icon (on the top right corner of a banner). The thumbnail image of the banner will also be displayed for reference. Click the Yes button to confirm and remove the banner. Click the No button to close the popup without removing the banner.

The screenshot shows the 'Manage Top Banners' interface. On the left, there is a vertical list of banners: 'Learn Your Basics!', 'VISIT THE THEATER', 'ABCMouse Apps', 'LIBRARY', and 'PET PARK'. The 'Learn Your Basics!' banner is highlighted with a red border and a '1' in a circle. On the right, the 'Manage Top Banners' form contains the following fields and controls:

- 1 Banner Name:** A text input field containing 'Learn your Basics'.
- 2 Banner Image (880px \* 156px):** An 'Upload' button.
- 3 Banner Type:** A dropdown menu set to 'ABCMouse Internal'.
- 4 Banner Destination:** A text input field containing 'www.abcmouse.com/html5#abc/basics'.
- 5 Holiday Permission:** A dropdown menu set to 'None'.
- 6 Specific Age Group:** A dropdown menu set to 'All Ages'.
- 7 Banner Specific Device:** Radio buttons for 'All' (selected), 'iOS', 'Google', and 'Amazon'.
- 8 Banner Specific Device Version:** Two dropdown menus for 'Min' and 'Max', both set to 'None'.
- 9 Banner Display Schedule:** An 'Edit' button.

The 'Banner Schedule Setting' popup window contains the following elements:

- 11** A close button (X) in the top right corner.
- 11** A title bar with the text 'Banner Schedule Setting'.
- 11** A message: 'Please select the start and end date for displaying this banner.'
- 11** A thumbnail image of the 'Learn Your Basics!' banner.
- 11** 'From:' section with three dropdown menus: 'Oct', '31', and '2018'.
- 11** 'Until:' section with three dropdown menus: 'Month', 'Day', and 'Year'.
- 11** 'Cancel' and 'Save' buttons at the bottom.

- 1 Highlighted/selected Banner**  
Once users click on a banner, the banner will be highlighted, and other banners will be grayed out.
- 2 Banner's name Field**  
Edit banner's name here.
- 3 Banner's image**  
Click on the upload icon to change the banner's image. Once the new banner image is uploaded, it will be displayed on the left-side preview area.
- 4 Drop-down menu for Banner's Type**  
By default, there will be an "ABCMouse internal" banner. Users can change to either Popup banner or External Link banner types. The section underneath it will reflect the banner's type (see next two pages).
- 5 Banner's Destination**  
The destination of the banner after clicking on it.
- 6 Banner's Holiday Permission**  
By default, there will be no selection. Users can select from Halloween, Thanksgiving, and Christmas.
- 7 Banner's target age group**  
By default, it will be for all ages. Users can select from TT, Kindergarten, 1st grade, and 2nd grade.
- 8 Banner's target device**  
By default, it will be all devices (not limited). Users can select the specific devices that the banner will be displayed (available for multiple selections).
- 9 Banner's specific device version**  
By default, it will be non for minimum and maximum for the device's version. Users can set up the required version range by using the drop-down menu.
- 10 Banner's display schedule**  
By default, it will be immediately and forever. Users can set up a specific period of date for displaying the banner by clicking the Edit button and the popup window.
- 11 Banner's display schedule popup**  
On the popup, the thumbnail image for the banner will be displayed for reference. Users can change the start and end dates by using the drop-down menu.

1 **Learn Your Basics!** START LEARNING

The screenshot displays the 'Manage What's New' interface. At the top, there is a navigation bar (1) with 'Top Banner', 'What's New', and 'Things to do' tabs. Below this is a top banner area (2) with two thumbnails. The main section is titled 'Manage What's New' (4) and includes a 'Submit for QA' button (8) and a 'Log out' button. A 'History Retrieve' icon (5) is present in the top right. The banner grid (6) shows three rows of banners: 'Bongos Bongo Beats', 'Ways to Conserve Water', and 'About Dogs'. A 'Please select a banner to edit or' message (7) and an 'Add a new banner' button (7) are centered. A 'Banner Indicator' (9) is on the left side of the grid.

- 1 Navigation bar**  
Click on the navigation item to switch between Top Banners, What's New, and Things to Do section. The current visiting section will be highlighted.
- 2 Current What's New banner, viewer**  
What's New banners on the live site will be displayed here from top to bottom by their order. Each banner will include two thumbnail images for the 4:3 and 16:9 sets. Users can change the banner's order by dragging them to another position. Tap on a banner and select it for editing the detail (see the wireframe on the next pages).
- 3 Delete banner icon**  
Click on a delete banner icon will remove the banner. An "Are you sure" popup will show up for confirmation.
- 4 Section Header**
- 5 History Retrieve icon**  
Click the icon to go to the history retrieve page.
- 6 Age group rotation tab**  
Users can click on the tab to switch to a specific age group and adjust the banner's order. This selection will be hidden once users click/select on a banner.
- 7 Add new banner button**  
Click the button to start creating a new banner.
- 8 Submit QA button**  
The button will be inactivated until at least one change is made on the page. Click on the button will launch a "Are you sure" popup for confirmation.
- 9 Banner Indicator**  
If the banner has specific settings such as age group, display period and, and device (iOS or Android), it will show the icon.

- 1 Preview ABCmouse Homepage Popup**  
 The popup will display the new sets for the top banner, What's New and Things to Do.
- 2 Age group tabs**  
 Users can change the user age groups to see the different settings results.
- 3 Top banners preview**  
 The new sets for the top banners will be displayed here. Users can click on the left and right arrows to rotate the banner.
- 4 What's New banners preview**  
 The new sets for the What's New banners will be displayed here. Users can click on the left and right arrows to rotate the banner.
- 5 Things to Do banners preview**  
 The new sets for the Things to Do banners will be displayed here. Users can click on the left and right arrows to rotate the banner.
